City Manager Report

To: Mayor and City Council

From: Steve Rasmussen, City Manager

Date: June 15, 2020

Re: Manager's Report

GNWWC. To date we have reduced the number of easements needed to 18 with some very near completion. We are working with USDA for an extension letter on their funding for this project. This is about done with the caveat that we will have all the easements completed by the end of July. We will be able to accomplish this.

Chestnut Arms. The court –ordered deadline for the owner of the Chestnut arms to present us with a viable repair plan or face demolition is July 9. We have not received anything from the owner yet and so we are preparing the demolition contract now to go out for bid on July 9.

Goal Setting. Just as a reminder, our Goal Setting Session is on this Wednesday at the Elms from 1 PM to 7 PM. Thank you all for your input.

Budget Schedule. Following the Goal Setting Session, the Staff will prepare the draft budget from July 9 through July 17. This draft will then be presented to the Finance Committee on the evenings of July 21, 23, and 24. The Committee's recommendation will then be given to the Council and the Public at a Public Hearing on August 3.
